

RENTAL OPPORTUNITIES

Retirement has never promised so much

Independence and personal space; variety and companionship; support and security; health and wellbeing — all the ingredients are here, with you at the heart of everything we do.

Buying an apartment in your retirement isn't the only option for you.

Living in a retirement village should always have flexible options. So, in addition to purchase, we offer our apartments for rent, because that may suit you better and may allow you to move into your new home in a quick and simple manner.

Retirement Renting is getting more popular as a way to benefit from everything independent retirement living offers. Depending on your circumstances, there may be no protracted sales chains, stamp duty costs or legal fees, and we take care of everything else, so that you can enjoy the life you deserve.

And should you change your mind and decide to buy a property, we give you an option to buy an apartment within the first 18 months of the Assured Tenancy.

Lifetime tenancies

A selection of our one- and two-bedroom properties are available with a lifetime tenancy, giving you the flexibility to choose the tenure that suits you and your retirement, and allowing you to control your money and move with the minimum of fuss.

Known as an Assured Non-Shorthold Tenancy, these agreements entitle you to stay in your new home for life, without the concern of being turned out, providing you with security and peace of mind. If you decide to move, you can do so, as the agreement is on a rolling monthly basis after the first 12 months.

The friendly staff take care of the daily maintenance of the property, and you also benefit from all the other services and communal facilities enjoyed by Leaseholders.
